

THANK YOU CARDS!

We've created these cards to help you say thank you to the people who agree to sponsor you, donate or support you as you raise money for your persecuted family in Iraq and Syria.

Cut out these cards and give them to everyone who supports you.

The story and information on these cards will help people to understand the situation facing

Christians in Iraq and Syria, and also show how they can help too! It's a great way to say 'thank you' but also to show people who want to help exactly how they can do more!

If you need more cards, just photocopy this sheet. You can also download more at www.opendoorsuk.org/withthem

THANK YOU!

Thank you for supporting my efforts to fundraise for Christians across Iraq and Syria who are facing persecution. Here's why I'm raising money.

Asmaa from Iraq was just 15 when she had to flee her home.

"After we left, Islamic State raided our house and took everything that was of value... We heard from our neighbours that they threw our family photos in the street to get

trampled on in the dust. It feels as if on that day all my hopes and dreams also got trampled on."

Your money will help displaced people across Iraq and Syria and ensure the church in the region continues to stay, survive and shine. **Visit www.opendoorsuk.org for other ways to help.**
